

Torque Wrench || BN 238740

all dimensions in millimeter

Mechanical characteristics

Wrench size	22 mm
Uses	type 4.3-10 coupling
Preset torque	2.5 N·m ±0.25 N·m
material / surface finish	steel / zinc and anodize
Handling instructions	M36146
Weight, approx.	0.234 kg
Scope of delivery	handling instructions
RoHS 2002/95/EC	compliant
