

Torque Wrench || BN 238740C0001

all dimensions in millimeter

Mechanical characteristics

Wrench size	22 mm
Uses	type 4.3-10 coupling (Grade 0)
	type 4.1-9.5 coupling (Grade 0)
Preset torque	2.5 N·m ±0.25 N·m
Material / surface finish	steel / zinc and anodize
Weight, approx.	0.234 kg
Handling instructions	M31071
Scope of delivery	calibration certificate, handling instructions
RoHS 2002/95/EC	compliant
