

# Mounting Instructions

M32132b

spare blades for trimming tools  
for 1/2" annularly corrugated foam cables

## Caution:

The blades are made of hardened steel. Therefore no commercially available cutting blades can be used. Blade 1 is equipped with asymmetric sharpening. Respect mounting orientation!  
Use spare blades for trimming tools for 1/2" annularly corrugated foam cables only!

## Content:

20x blade 1

10x blade 2
