

SmartLoad - Frequency inverter spare kit || BN A76645C0001

Dear customer

In this package, you will find the replacement frequency inverter and a separate set of reference designation labels. Please attach the corresponding label to the device as shown in this drawing. Make sure the new device gets the same name as the previous one. This allows for easier identification when referring to manuals, installation instructions, circuit diagrams, service notices or training videos.

Reference designation labels
